

THE KIN CHRONICLES

Interested in neurorecovery and neuroplasticity? Have you ever wondered how to activate muscles post spinal cord injury? Here is your chance!

REYU PARALYSIS RECOVERY CENTRE COURSE

Broaden your knowledge in the field of rehabilitation strategies through Reyu's course: "Introductory to Neuro Exercise Specialist: Application of Activity Based Therapy."

The course focuses on neurorecovery for individuals with spinal cord injury and other neurological conditions, providing a unique perspective beyond traditional kinesiology education.

The course is available for a discounted price of \$200 for AKA members and \$175 for students. Head to the [AKA Website](#) to Enroll or find more info!

AKA COURSES & PDC'S!

We have multiple course offerings and events happening this summer!

Don't miss your chance to gain PDC's to get a head start on fulfilling your annual requirement as well as expand your knowledge as a Kin by adding extra tools and learning ways to better help your clients.

View the course offerings and register by visiting the [Events Page](#) on our website. Don't hesitate to Contact Us with any questions you might have!

PUNJABI SPEAKING KINS

We are seeking Punjabi-speaking kinesiologists in Calgary!

We have been referred a client who requires active rehab services for injuries from a motor vehicle accident. The client faces a language barrier, and would benefit from the support of a Punjabi-speaking kinesiologist.

If you are fluent in Punjabi and interested in helping this client, please [Contact Us](#) for more information.
