

THE KIN CHRONICLES

KINESIOLOGY IN HEALTHCARE

This research conference is being held at the UOFA on December 2 2023. This comprehensive outlook is backed by meticulous market research conducted by 24 dedicated students from the University of Alberta, and other leaders in the industry. Our focus remains on underscoring the significance of postsecondary work-integrated learning and providing a platform to discuss and disseminate groundbreaking research. We cordially invite you to partake in this enlightening endeavour. Link to tickets [Here](#)

RENEWAL SEASON

Renewal season is upon us starting in November. Please take the time to re apply for your next years coverage with the Alberta Kinesiology Association and PROLink insurance. This is a non PDC year so no audit will take place. If you have questions regarding your status with the association or any questions regarding your application please email the Admin email and we will get back to you within 5 business days. Please be aware that we are working with ProLink's API integration and it is expected to be in operation by November 7th.

PROPOSALS FOR 2023 GLOBAL ENVIRONMENTAL SCAN CONFERENCE

Our central theme, "Global Environmental Scan," delves deep into the global perspective where each movement becomes an intricate chapter in the grand narrative of Kinesiology and its groundbreaking discoveries. Whether you're from a budding initiative or an established institution, your contributions are pivotal in steering this academic exploration and advancing our collective knowledge.
