TOURISM

Dear Sir or Madam,

I am looking for an internship in a foreign company which is compulsory in my studies and will help me to gain new skills.

I am currently doing a Bachelor Management Degree in Territorial and international Tourism in Le Creusot Institute of Technology (University of Burgundy), France. I am very motivated to gain professional experience through this course.

My various activities taught me to work in a team but also to be autonomous. So I am ready to be efficient and energetic. I had the opportunity to do two work placement in England in an association.

I am a French native speaker, thanks to my work placement and my studies I can speak English, Italian. I am a beginner in Spanish. But I really want to improve my English and my Spanish.

That's why I would be grateful if you would consider my application for a work placement from May 2020 to July 2020. But the internship could be extend to August 2020.

I am looking forward to hearing from you, as soon as possible. I am at your disposal for any further information.

Yours faithfully,
